## U.S. PATENT DOCUMENTS

| Examiner<br>Initials | Document No.    | Publication Date<br>MM-DD-YYYY | Name of Patentee or Applicant of Cited Documents |
|----------------------|-----------------|--------------------------------|--|
| <i>WLB</i>           | AA 6,451,220 B1 | 09-17-2002                     | Ziolo et al.                                     |
|                      | AB              |                                |  |
|                      | AC              |                                |  |
|                      | AD              |                                |  |
|                      | AE              |                                |  |
|                      | AF              |                                |  |
|                      | AG              |                                |  |
|                      | AH              |                                |  |
|                      | AI              |                                |  |
|                      | AJ              |                                |  |
|                      | AK              |                                |  |

## FOREIGN PATENT DOCUMENTS

|  | Foreign Patent<br>Document | Publication Date<br>MM-DD-YYYY | Name of Patentee or Applicant of<br>Cited Documents | Translation<br>Yes No |
|--|----------------------------|--------------------------------|---|-----------------------|
|  | AL                         |                                |   |                       |
|  | AM                         |                                |   |                       |
|  | AN                         |                                |   |                       |

|                                |                                |
|--------------------------------|--------------------------------|
| EXAMINER: <i>WLB M. P. 105</i> | DATE CONSIDERED: <i>3/4/05</i> |
|--------------------------------|--------------------------------|

EXAMINER: Initial if citation considered, whether or not citation is in conformance with MPEP 609; draw line through citation if not in conformance and not considered. Include copy of this form with next communication to applicant.
